Spartans Seek Revenge Against Bulldogs

ROTC Guards To Lead Parade Through Town

By NAN BARATINI

At 5 p.m. tomorrow the ROTC Color Guard will leave the corner of First and East St. James streets to be followed by "the greatest Homecoming parade ever," according to Les Olsen, parade committee chairman.

SJS' 1958 edition of the annual march will continue from East St. James street, down First to William street.

Close behind the color guard will come parade grand marshal, Pres. John T. Wahlquist, driven by ASB president Dick Robinson.

Judy Allen, Spartan Homecoming queen, will follow the grand marshal in an open convertible.

Judy is to precede the four Homecoming attendants: Sheila O'Brien, Ziska Baum, LaDonna Schulz and Helen Barker.

The San Jose State marching band, one of 10 to be featured in the march, will lead the way for floats of every type and description. Independent and Greek entries will carry out the Homecoming theme of this year, "A Musical Salute to Sparta."

Decorated cars and marching units also will be reviewed by judges and honorary guests to be seated in the reviewing stand at First and San Antonio streets. Prizes will be awarded in the float, non-float and marching divisions, according to Olsen.

Following the parade, Spartans will leave First street for Spartan Stadium and the Homecoming football game between San Jose and Fresno State. Kickoff is at 8 p.m.

DANCE ENDS DAY

Homecoming activities will close with an after-game dance in the Women's Gym until 1 a.m.

Sophomore Class council is sponsoring the dance which will feature taped music for continuous dancing. Admission is 35 cents stag and 50 cents a couple.

Fresno State rooters buses will bring students to the dance which will begin immediately following the game.

Big Bonfire To Feature Pep Rally

The Pi Kappa Alpha fraternity fire engine will lead a car caravan of Spartan rooters from campus living groups to Spartan Stadium, where the homecoming bonfire rally will take place at 8:30 p.m.

The caravan will form at 8 p.m. Cheerleaders Bick Goss, Bob Richards, and Bill Hardy will ride to the stadium in a Model T Ford.

Guests of honor at the rally will be the Spartan football team; captain and co-captain of the SJS-Fresno game to be played tomorrow night; Gene Menges, backfield coach, and Bob Titchener, head football coach.

Spartan royalty will be present in the form of Judy Allen, Homecoming Queen, and attendants Ziska Baum, La Donna Schulz, Sheila O'Brien, and Helen Barker.

A singing group, the Trite Trio, composed of Jerry Watson, Tom Smothers, and Bick Goss, will be on the program. Don Perry will sing solo. Joan McAfee and Elsie Wignall will sing a duet.

Tom Smothers will be master of ceremonies. Song girls, cheerleaders, and pep band will be on hand to stir up Spartan spirit for the Homecoming game.

Spartan will light the bonfire built by members of Alpha Phi Omega service fraternity. Built of railroad ties and filled with scrap lumber, the bonfire pile will stand about 35 feet high, according to Alpha Phi Omega.

Between 150 and 200 ties were donated by Southern Pacific railroad.

Guarding the bonfire structure before the rally time will be volunteer male students. Men who wish to serve as guards are asked to go out to Spartan Stadium any time today, according to Kay Croxford, rallies chairman.

Grads Revive Old Thoughts Of Campus

By BOB CROWE

It's Homecoming time again. The old grads are getting ready for the sentimental journey back to the times when the pursuit of learning was just that—a pursuit.

The old yearbooks and annuals are taken out, dusted off and leafed through in an attempt to recapture the feelings and faces that accompanied four years at SJS. From Los Angeles and San Francisco, Ojai and Eureka, the grads are coming home.

But time takes its toll and it is inevitable that some will not return. And the only remembrance will be a faded picture, a half-forgotten jest or a shadowy memory.

This is especially true of the first classes that attended this century-old school. It is probable that no one will be present who helped put up the simple marker behind Morris Dailey Auditorium. The metal plaque that says Class of May 1886.

How many of the class of 1878 will be present?

1928 REUNION

That is the class that held its

Continued on Page 4)

HER MAJESTY

Homecoming queen Judy Allen, 19, will reign over the gala activities planned this weekend. Judy, sophomore English and German major, was sponsored by Alpha Phi Omega in the Home-

coming Queen contest. Queen attendants are Ziska Baum, Helen Barker, LaDonna Schulz and Sheila O'Brien.

SJS To Tackle Red-Hot Fresno In Grid Titanic

By RALPH CHATOIAN

With hopes of avenging last year's 13-6 setback, the Spartan grid-ders will battle the rampaging Bulldogs from Fresno State in San Jose State's Homecoming contest tomorrow night at 8 in Spartan Stadium.

The Fresno State eleven will be trying to make it five straight in '58. They have won four games in a row after dropping their first three battles this season. SJS will carry a 3-4 record into tomorrow night's fracas.

Spartans fell to a powerful COP squad in their last encounter, 26-13. Prior to that game, SJS had defeated Arizona State, 21-20; Denver University, 27-7; and University of Idaho, 41-6. The Spartans' losses were to University of Washington, 14-6; Hawaii, 8-6; and Cal Poly, 10-6.

THIRD IN PASSING

The Spartans currently rank third in the nation in passing averages. After seven contests, SJS holds an average per game of 168.7 yards. Army is first with an average of 170.9 and Navy is second with 169.9 yards per game.

Before the COP loss, SJS was in first place with a passing average of 174.7 per game.

The Spartans will be somewhat crippled going into the Fresno State battle. Chuck Ennis definitely will be out due to a pinched nerve in his back. Ken McNeese will fill his left tackle position with Ernie Ibarra backing him up.

EARL INJURED

Ron Earl, center, is suffering from a hip pointer and might be replaced by converted guard Herb Yamasaki. Clarion Appledorn, end, may not be ready due to a knee ailment.

Fresno State's ground attack is led by halfback Dale Messer and fullback Billy Wayte, each with an average of more than five yards per carry.

Messer has packed the ball 100 times and has picked up 535 yards. Wayte, who is 5-9½ and 180 lbs., has toted the leather 65 times while gaining 358 yards. Wayte's average is 5.5 and Messer's is 5.3.

Head Coach Clark Van Gilder's charges from Fresno State finished the 1957 season with a 5-5 record. Fullback Dean Philpott was the big gun for the FSC rushing offense. Philpott was graduated and was replaced by capable Wayte who is fast becoming a thorn in the side of Fresno State opposition.

NINE FORMATIONS
Fresno State runs mostly from a wing T, but uses nine other formations, including a spread T which stretches across the entire field.

Passing chores for the Bulldogs are handled by quarterbacks Jim Kuhn and Mike Pratt. The Bulldogs are presently leading the California Collegiate Athletic Assn.

Vandels Strike Bonfire Blaze
Vandels last night set ablaze the wood pile which was to be used for tonight's bonfire rally, destroying approximately 20 percent of the structure.

Rally Committee Chairman Bob Gifford said the pile is being heavily guarded by police and school authorities today. Little damage was reported to the railroad ties, but most of the kindling was lost. The burning took place at approximately 10:30 p.m.

Card Stunts To Highlight Half-Time

By JOYCE FLORES

SJS and Fresno State football teams will enter Spartan Stadium through a "Glory Alley" tomorrow night at 8 to play the SJS Homecoming game.

The Golden Raiders will break through a picture of a Spartan, which will hang across the home team goal post. On the other side of the field, Fresno players will break through a picture of a Fresno Bulldog.

Homecoming queen Judy Allen and rival Fresno State will be saluted with card stunts tomorrow night during half-time.

Other card stunts will read "Hi Alums," "SJ State," "Beat Fresno," "Give," with a torch. The word, will advertise the Campus Chest Drive, which begins Monday.

Repeating their COP performance, the SJS marching band, under direction of Roger S. Muzzy, will play Stan Kenton jazz during half-time.

The band will march onto the Spartan Stadium field by drum majors Paul Figueira and Charles Coburn, and twirlers Jeanne Dickey, Shirley Smith and Janette Polen.

Forming a peanut cart, the band will play "Peanut Vendor." A precision drill will be made with "Cherokee." The band will greet former Spartans by spelling out "Alums" as they play "Laura."

Other numbers include "September Song," "Moonlight in Vermont," "Artistry in Rhythm," and "Out of Nowhere."

Leading Spartan cheers will be cheerleaders Bob Richards and Bick Goss and Bill Hardy. Head song girl Carol Sandell, Sheila O'Brien, Helen Barker, Stephi Green, Dana Currie and Patti Mat-tern also will perform.

Chemistry makes the world a better place to live in. So read on, and live a little!

Judy Allen... Queen

World Travel Highlights SJS Queen

By NAN BARATINI

A 3.7 scholar... with a laugh that could warm the coldest town in Wisconsin... where she was born... describes Judy Allen... San Jose State's Homecoming queen for 1958.

"I didn't get a chance to eat today, Judy admitted as she quickly changed from her plain wool skirt into a formal and her queen's jeweled crown for a La Torre portrait.

"It's been quite a week!"

NOT TYPICAL

Judy might appear to be a typical college coed but underneath she is anything but typical.

"Where am I from? Well, I was born in Madison, Wisconsin in December, 1938. Now, where shall I start?"

Home has been "almost every state" for Judy. She attended high school in San Lorenzo and in her junior year moved to Wiesbaden, Germany, where she attended Gen. H. H. Arnold American High School.

ACTRESS

"When I was 16 I tried out for a part in a Wiesbaden Theater Guild play." Unsurprisingly enough, she got the part of Madge in "Picnic."

Judy is paying her own way through college.

"I spent a very adventuresome freshman year." She says. Judy attended University of Maryland's extension unit in Wiesbaden.

"I took 13 units at night and worked as a secretary during the day. On weekends I travelled to Switzerland and France." She is 19-years-old.

SJS' Homecoming queen is taking 18 units in humanities and her major courses of English and German. She plans to teach high school after graduation in January, 1961.

This year's queen has been a Homecoming queen before.

FOOTBALL QUEEN

"But it was on a much different scale... for the Wiesbaden Flyers football team in 1956."

Judy's nationality easily is guessed as Irish... for her blue eyes; Swedish... which accounts for her "trademark" of long blonde hair; and German... because of her jovial, yet dignified, personality.

The 5 foot 10 inch queen lists

AND SHE CAN COOK

Homecoming queen Judy Allen is shown to be a queen in the kitchen as well. Judy will reign throughout the 1958 Homecoming celebration at SJS including tomorrow's 5 p.m. downtown parade and football game to begin at 8 in Spartan Stadium.

classical music as her favorite. She loves to cook.

Judy admits she was calm throughout the contest.

"Every time I went further, though, besides being surprised, I became a little more excited."

The Homecoming queen was chosen on the basis of poise, grace and ease.

ISN'T RUSHING

Judy lives in a boarding house. She does not plan to go through sorority rush at San Jose State. She doesn't smoke and considers dancing as one of her favorite hobbies.

An extremely friendly sophomore, she is regal in a subdued manner. One would never guess the SJS Homecoming queen crown was in the torn paper bag she carried along with her clipboard and English and classical literature books.

Judy received many gifts with the honor of being Homecoming queen.

"I was given a beautiful clock, gift certificate and jewelry."

She gave San Jose State something, too, when she was crowned a queen—in the truest sense.

Editorial

Homecoming Time

Alumni, welcome back. Welcome back to the 1958 edition of the San Jose State Homecoming celebration. A full slate of activities awaits you and undergraduates this weekend in this annual event.

We hope that you will visit the campus and will be delighted with the advancements that have been made here.

Most obvious changes on campus are the many new buildings which have been erected to provide adequate facilities for our many students.

We hope you will not become alarmed at the decrease in grass space. Sacrifices must be made to produce a modern campus.

The Homecoming spotlight focuses on tomorrow night's grid contest in Spartan Stadium, as Coach Bob Titchenal sends his spirited charges against rival Fresno State.

The local grid team has captured three upset victories this season and promises to provide fans with plenty of action. The Spartans will be seeking to bounce into the win column after suffering a setback at the hands of College of Pacific last week.

The grid contest, highlight of the Homecoming celebration, is only one of several colorful activities.

The annual bonfire rally is scheduled tonight, with top entertainment and introduction of Coach Titchenal and the team listed on the program.

Tomorrow evening's parade in downtown San Jose promises to provide a great deal of color. Floats built by Greek and independent organizations will cruise down First street, each vying for the Sweepstakes Trophy.

A dance at the Hawaiian Gardens is on tap for alumni and seniors following the grid contest.

Plan to attend these and other events in one of San Jose State's top Homecoming celebrations.

Kingston Singers To Appear Sunday

The Kingston Trio, popular male vocalists, will make their only Bay Area appearance Sunday at 8 p.m. in the Woodrow Wilson Junior High School auditorium.

Greeks have reserved 60 seats, which may be claimed by contacting social chairmen of the organizations.

Tickets, priced at \$3.50, \$3, \$2.50 and \$2, may be purchased at the San Jose Civic Auditorium Box Office.

Geology Club Elects Ehrhardt President

Dick Ehrhardt, senior, is president of SJS Geology Club for 1958-59.

Elected to serve with Ehrhardt are Al Bettiga, vice president; Bill Read, secretary, and Jim Nowling, treasurer.

Dr. Marshall E. Maddock, assistant professor of geology, is adviser to the group.

SJS Marching Band Wears 1949 Uniforms

By ESTELLA COX

And the band plays on... wearing 1949 uniforms in the 1958 SJS Homecoming celebration.

Playing Stan Kenton tunes and performing precision drills, band members illustrate a somewhat cultural lag. Their dress is inconsistent with their marching style.

When precision marching developed after World War II, college bands across the nation purchased West Point or military uniform styles. Even some high schools have adopted the style, consisting of choke collar, tailored coat, spats and hat with plume.

And the band marches on in its outdated, outmoded wardrobe.

Uniform manufacturers say uniforms have a life expectancy of 8-10 years. One might conclude

SJS band blouses and trousers have "had it." Besides being old, they are worn, faded and sometimes baggy.

Let's face it, our band needs new clothes.

Roger S. Muzzy, band director, is studying possible ways to acquire appropriations for new bandwear. Plans so far are embryonic.

By JEANNE McHENRY

Fun, work, laughter, tears, hot coffee, cold feet—all are a part of the preparation of a Homecoming parade float.

Independent living groups, fraternities, sororities, and other organizations entering floats have spent many hours making and executing plans. Float chairmen began thinking of ideas during the summer—how to make their float original, appealing and economical.

SELECTING PARTNERS

In the case of the social fraternities and sororities, names were drawn from a hat at the beginning of the semester to designate which groups would be partners.

Each group must follow rules established by the Homecoming Parade Committee and submit sealed plans for approval. Lumber, paper and other materials used must be purchased from the same companies. Cost of the float can not exceed \$250 and maximum size of each float is 22 ft. long, 8 ft. wide, and 10 ft. high.

All floats will follow the theme "Musical Salute to Sparta." Most floats will feature three or four basic colors with added colors for details.

One of the biggest problems the groups face is finding a place where they can build their floats. Usually a large warehouse is rented—sometimes several floats will occupy the same building.

While warehouses are convenient for float building, they seem to be refrigerated, and everyone working on the float bundles up with every available sweatshirt, jacket, scarf, glove and earmuff.

Floats are usually built on trucks or flatbeds. If built on a truck, the cab of the truck is disguised so that the spectators hardly are aware that the driver is peering through the decorations to see where he is steering.

PUSH, PULL

If built on a flatbed, the float is pushed or pulled by members of the sponsoring organization.

Solid areas of the floats are made of thousands of "flowers" of crepe paper or cellophane. Although expensive, sometimes real flowers are used. Each of the usual five by five inch squares must be folded, wrapped with wire, and fluffed out to cover as much space as possible.

Often the partner groups will

have "flower-making" exchanges. Each flower is then anchored to the chicken wire on the float. Flowers may be "stuffed" in the wire directly on the float in the warehouse, or a portion of the float may be made at the group's living center and then attached to the float.

Homecoming Parade Committee inspected the floats last night and Wednesday for correct measurements. Final inspection will take place tonight. All floats not finished by 8 o'clock will be disqualified.

Final judging will be tomorrow

at 3 p.m. at the parade formation area on Fifth, Sixth and Eighth streets between St. James and St. John. Floats will be judged on originality, workmanship, general appearance, and adherence to the theme, with 40 points as the highest score.

Uninvited Guest Takes Bridge Pot

In a bridge game Tuesday evening, while a group of SJS faculty members were trying to take all tricks with a grand slam, an intruder made a grand slam and made off with seven purses and more than \$70.

According to police, the intruder entered the house of the hostess, Miss Katherine Young, assistant professor of home economics, at 726 S. 9th St., by prying a screen over a rear bedroom window.

The losing guests at the bridge session were Miss Margaret Harper, activities adviser, Dr. Mary Young, associate professor of education, Dr. Elizabeth Greenleaf, associate dean of students; Dr. June McCann, head of Women's P. E. Department; Dr. Mary Durrett, associate professor of home economics; Mrs. Helen Stevens, assistant professor of nursing; and Dr. Marion Pfund, head of Home Economics Department.

Alumni Secretary Promotes Activity

By JOHN CURRY

A new executive secretary of the San Jose State College Alumni Assn. moved into his campus office Sept. 2, and immediately was hard at work organizing, promoting and overseeing the many activities of a busy and constantly growing alumni group.

Kenneth J. Roed, SJS class of '52, started work as executive secretary by helping to develop a Board of Directors idea that soon will be a reality and by dividing the Alumni Assn. into special interest

groups such as engineering, journalism, etc. Roed said that a quarterly publication for SJS' physical Education grads will be out Dec. 1, "and that's only the beginning." Each group will have its own publication, he added. The Assn's official magazine, the Spartan Review, made its first appearance of the year this week, complete with pictures, stories and notes about the current doings of former Spartans all over the world.

The big event of the fall for the Spartan alumni is, of course, tomorrow's Homecoming celebration. Roed expects a thousand or more alumni to attend the Homecoming Dance and reunion at the Hawaiian Gardens following the football game. "And this year, just to let the Seniors know what we're doing," Roed said, "we've invited the Senior Class to the dance. We'd like to get acquainted with them, and we hope that many of them will join the Association when they complete college days."

Ken Roed's steering of the Alumni Assn. comes from long experience in journalism and public relations in school, in the Air Force and on various newspapers and public relations bureaus.

STARTED AT PASADENA

Born almost 29 years ago in Itasca, Ill., he started his journalistic career at Pasadena City College in 1948 as a stringer for the Pasadena Independent and the Monrovia News-Post. He was graduated from Pasadena in 1950 and came to SJS as a journalism major that fall. During his SJS days, he wrote for the Spartan Daily and the Arcadia Tribune, and was graduated from SJS in June 1952 with an AB degree in Journalism.

A four-year hitch in the Air Force followed. A good part of this he spent on Guam as the editor of an Air Force paper there.

After his discharge in 1956, he covered the police beat on the Pasadena Independent-Star News for a year before entering the UCLA Graduate School of Journalism. He spent a year in study at UCLA, and this June received his Master of Science degree.

GAINS MORE EXPERIENCE

During and since that time, Roed has added still more jobs to his long record of experience. While at UCLA, he handled publicity for the School of Social Welfare. Since April, he has been employed on the publicity staff for the City of Los Angeles, handling publicity for the Municipal Art Department and the Bureau of Music.

"I'm not much of a joiner," Ken modestly admits. Nevertheless, he's a member of the Greater Los Angeles Press Club, the Santa Clara Junior Chamber of Commerce and Sigma Delta Chi, men's professional journalistic fraternity.

Roed is still a bachelor, he gave no reason why. He lives at 576 N. First St., San Jose.

Ground was broken for Spartan Stadium March 2, 1933, after Pres. T. W. MacQuarrie decided to encourage intercollegiate athletic competition.

KEN ROED

SJS Speech Team Enters Tournament

San Jose State College will be represented by 10 students at Fresno State College this weekend for the Fresno Invitational Speech Tournament.

Students representing San Jose State are Margaret Accuri, Pat Belardes, Darlis Carle, Marjorie Nickson, Everett Avila, Lloyd Daniel, George Hewitt, Robert McHale, Pat McClenahan and Robert Serres.

David Elliott of the speech faculty will accompany the students. Elliott is one of the tournament judges.

Plaques Remind

(Continued from Page 1)

fortieth reunion in 1928. At least that is what the plaque on the wall of the Inner Quad states, "Class of 1878, Reunion 1928."

Edwin Markham will not be around this year, although he brought much fame to SJS with his poem "The Man With The Hoe." The marker on the wall of Tower Hall puts it this way: "In honor of Edwin Markham—Poet, Class of 1872—Author of 'The Man With The Hoe' . . . outwitted he drew a circle that shut me out, Heretic, rebel, a thing to flout, But love and I had the wit to win. We drew a circle that took him in."

Colleges Plan Homecoming Celebrations

By RAY HELSER

Western Michigan University . . . Homecoming activities will feature a jazz quartet, pep rally, fireworks display, game with Toledo and two well-known dance bands.

University of Redlands . . . is planning on an alumni attendance of 1000 at its 50th anniversary annual Homecoming. Aside from the Homecoming Ball, the day's schedule will include the annual parade, football game with Occidental, special alumni dinner and a major drama production designed to carry the theme "Golden Memories."

Arizona State . . . has a Homecoming king as well as a queen. The pair were crowned with white Stetson hats. During the halftime activities of the game with Texas Western, the Retail Bakers Association spelled out "Arizona State University" on the field . . . with cakes.

Brigham Young University . . . had their Homecoming celebration last week. The theme was "Mirrors Through the Years." A tiered set of mirrors was constructed and one large mirror in the center acted as a narrator. Also, part of the celebration was a production of "Fieldhouse Frolics" which had a cast of more than 300 persons.

Modesto Junior College . . . The first prize winner in the float parade was one that consisted of a huge bear surrounded by little green men. A sign on side read, "Take me to your leader."

Fullerton Junior College . . . "Songs to Remember" was chosen for the Homecoming festivities. The parade will be held on Nov. 26 and the game with Santa Ana will be the 27th.

Faculty Cancels Tea

Cancellation of a tea, which was to be presented tomorrow by the Women's Faculty Club, has been announced by Miss Catherine Wallace, assistant professor of health and hygiene.

Little Man on Campus By BIBLER

"JUST A MINUTE THERE 57!"

Library Emits 'Rare Sounds'

By BILL PHILLIPS

Ever hear of "Haiku" poetry? What about sounds fish make under water? Every day San Jose State students can hear sounds like these. All one has to do is inquire at the College Library records department. It's possible for you to hear William Jennings Bryan's "Cross of Gold" speech of 1896. Or perhaps you'd like a four-hour opera. In any case, the man to see is Charles H. Kuster, the librarian in charge, or an assistant. And the operation, located on the third floor Humanities Department, is no small thing. In 1956 about 11,000 records were available to students and faculty members of SJS.

NUMBER SOARS

Now the number has soared to 14,000 — and Kuster and others spend much of their time gathering more of them.

But Elvis and "Fats" fans beware — Kuster excludes popular. "We don't feel we should buy popular music because it doesn't last long enough," he explains. "People still ask for popular — but not very often," besides, he continued, "most popular lasts for only two or three months."

Most of the collection is classical music — but other kinds are available. The college purchases complete works of composers — albums of entire operas or light comedies.

Along with music, the department stores records of poetry, literature, plays, foreign language, science and records for children.

"The children's records are not for children," says Kuster, "but are used mostly by student teachers."

Kuster claims his records could be utilized by students in about any field — but especially the student teaching.

CAREFUL SELECTION

Long playing records are expensive and selection is carefully done. Kuster, along with faculty members, selects the records for purchasing. He says the college spends more than \$600 a year to buy them.

However, most of these records are available for library use only. Kuster's reason for keeping the collection in the building is simple — there wouldn't be any records left if he didn't.

"After all, it's possible that some 10,000 students might check out all of the records if we opened the collection for general circulation," he explained. Some discs are available to student on a seven-day loan, though, according to Kuster.

Facilities for students in the records room are good, with plenty of room for many students.

There's a choice of two speeds — 33s and 78s — but no 45s. They may be heard on one of 30 listening machines.

TWO SPEEDS

Why only two speeds? "We think this is enough," Kuster says. "If we had 45s then we'd have to

get more recording machines. Besides it's easier for students to operate the machines with just two speeds."

Students may use one of three listening rooms. Eight sets of record players with earphones are available to students. For it is possible for 30 listeners with earphones to hear records on one of five channels.

Asked if he had any collector's items, Kuster replied: "No, we haven't any valuable records that might be called 'collector's items,' but we do have some unusual ones."

ALL KINDS

They include records of bird calls, famous sports events, sermons, poetry and plays.

Latest record album Kuster had received during the interview is one of the favorites of Don Sherwood, the San Francisco disc jockey.

It's "Haiku" Japanese poetry by Alan Watts — but students can't hear it until its catalogued — which Kuster now is doing. This takes six weeks, he said.

Father Duryea Talks On 'Role of Christ'

"The Role of Christ in Redemption" was discussed yesterday at Newman Hall by Father John S. Duryea in the second lecture of the "Redemption in its Historical Setting" series sponsored by Newman Club.

Father Duryea is chaplain of the organization. Daily rosary will be continued at 5 p.m. in Newman Hall, according to Bob Link, president.

Bishop Pike Here

4000 Alums, Maybe

There could be 4000 alumni at Homecoming festivities this weekend. That is, there could be if all those who received invitations to the activities attend.

Invitations were sent to all members of the Alumni Assn., plus all other alumni living in the San Jose area.

"There is no way of knowing how many of those receiving invitations will come because reservations are not required," said Kenneth J. Roed, executive secretary of the Alumni Assn.

Among those who received invitations are Assemblyman Bruce F. Allen, Assemblyman Clark L. Bradley and Congressman Rep. Charles S. Gubser, all members of the honorary Board of Directors. Allen told the Spartan Daily he does plan to attend.

Roed said the only alumni he knows will definitely attend are the association board of directors headed by E. F. DeVilbiss, national president; E. Mosher, first vice president; Bob Chelm, second vice president; Wayne Lenz, third vice president; and R. E. Arnold, secretary-treasurer.

Biology Trip Sign-ups Due On Monday

Sign-ups will begin Monday, in S203 for a trip next semester during Easter vacation to Baja California, which will offer participants one unit of biological science credit.

The project has been approved by the President's Council, and officially is called "Seashore Life," Biology 78, according to Dr. Rocci Pisano, associate professor of biology, in charge of the trip.

Dr. Pisano added that applicants will be interviewed and then notified of their selection or rejection.

He said the group will be limited to 45, including a supporting staff composed of a doctor, two nurses, professional photographer, sanitation expert and a professional legal advisor.

According to Dr. Pisano, the purpose of the trip is to study the marine and shore life including reptiles, plants and insects. An attempt also will be made to get a true understanding of the wonderful people in that area.

The group will travel by auto, and camp and cook on the beach. Dr. Pisano recalled that last year the group camped nine feet from the water's edge.

Marksman Miss

San Jose State's varsity rifle team dropped its first Santa Clara Valley Rifle League match to Santa Clara University Wednesday night at the winner's range.

Santa Clara fired a team total of 1417 points. San Jose scored 1397 markers.

Alumni, Do You Remember When?

Spartan Society:

Guys Outnumber Gals At SJS, Reports IBM

"And, tell me, Janie Coed, what's your major?"

This question has been asked over and over again of probably every woman on this campus, for it is a nice conversation starter.

But, why, why, WHY is there always a note of disbelief and sarcasm when a coed names her major and launches into an oratory about her dedication to "HER FIELD."

Could it be no one believes a woman could possibly be in college for any other reason other than to catch her man?

This reporter does not want to argue against this idea—false as it may be. However, for those few

women who may be looking for their MRS degrees, or even for those who are tiring of the same date weekend "after" weekend, here's heartening news.

According to the IBM office, there are 1906 more men than women attending SJS. Out of the 6135 men, of course, many of them are married—but some of the 4229 women are married, too, so maybe this evens it out (By "evening it out" we mean that there are still more eligible males than eligible females.)

So take heart, women—and remember, the best number going is 1906.

Fraternities To Hold Welcoming Parties

Homecoming Day, 1958—

Alumni walking around the campus saying things such as, "I remember when . . ." " . . . hasn't changed a bit," and "It feels great to be back."

This year, "coming back" for many of the alumni will consist of being entertained by their younger fraternity brothers at the following functions:

ALPHA TAU OMEGA

Dancing at Almaden Country Club will follow a buffet dinner at the ATO house, the Homecoming parade and game for ATOs, their dates and alumni.

DELTA SIGMA PHI

Delta Sig alumni will be honored at a buffet dinner before the Homecoming parade and game, a party following the game and a breakfast at the Red Coach Inn in Los Gatos Sunday morning.

DELTA UPSILON

The DU house will be the scene of a buffet dinner and party feting DU dates and alumni after the game tomorrow night. A reunion for the alumni will be held at Hawaiian Gardens.

KAPPA ALPHA

A party prior to the parade and football game at the home of Gerald Kennedy and a dinner-dance at the De Anza Hotel will honor KA alumni.

LAMBDA CHI ALPHA

Lambda Chi fraternity brothers, their dates, alumni and visiting brothers from Fresno State College will participate in an open house, buffet dinner and dance at the local fraternity house tomorrow.

PHI SIGMA KAPPA

Phi Sig alumni will be feted tomorrow at a buffet dinner at the fraternity house prior to the parade and a party after the game at the Disabled American Veterans Hall.

PI KAPPA ALPHA

A PIKA workday to get the house in order for visiting alumni will start off the day tomorrow and will continue until the parade. PIKA dates and alumni will be entertained at a buffet dinner following the parade. A dance at the fraternity house will be held after the game.

SIGMA ALPHA EPSILON

Havenly Foods will be the location of an after game dance tomorrow night for SAE dates and alumni. A buffet dinner at the fraternity house will precede the game.

SIGMA CHI

Sigma Chi alumni will be honored at an open house preceding the game and at a buffet dinner and dance after the game tomorrow.

SIGMA NU

Brothers of Sigma Nu will honor their dates and alumni tomorrow with a dinner at the fraternity house before the Homecoming game and a party at Lou's Village after the game.

SIGMA PHI EPSILON

A party at the Sig Ep house will honor visiting alumni.

THETA CHI

The local Theta Chi house will be the setting for a dinner party and dance tomorrow held to honor the alumni.

THETA XI

Visiting Theta Xi alumni will be feted at a dinner, open house and party at the fraternity house tomorrow.

Deadline Set

New deadline for social news is Tuesday at noon. All stories concerning pinnings, engagements, marriages and group functions should be on the bulletin board of the Spartan Daily office by that time.

Foreign Students Receive Rotary Dinner Invitations

Dinner with families of Rotary Club members is being offered to foreign students attending SJS.

John Campbell, chairman of the Rotary International Service Committee, extended the invitation in a letter to Phillip Persky, assistant professor of English and foreign student adviser.

Students may have dinner with the families tonight or tomorrow.

If students wish they may attend in groups of two or three. Campbell said that the invitation includes spending the day with the family.

Interested students are asked to contact Persky in K2B today.

Ski Club Shows Fashions, New Snow Season Garb

Oh, let's go wedelen!

Wonder what it means? Well, wonder no more, for Tuesday evening at 7 in S142, the Ski Club will kick off a night of entertainment with a movie entitled "Wedelen."

Wedelen, according to Bob Erickson, the club's publicity chairman, is a technique used in skiing.

After the movie, most people will have a pretty good idea of what to wear when they go wedelen because there will be a parade of latest show fashions.

According to Erickson, "Whether they know—or are even interested in knowing—anything about skiing, I'm sure the fashions—and the 10 lovely coed models—will be well worth the 25c admission for non-members."

Following the fashion show, a speech will be given on various types of skis and boots which will be on display after the meeting.

"Members will be admitted free and admission is 25c for non-ski club members. So, everyone please attend," Erickson urged.

Models will include Charlene Horn, Sherry Anderson, Geraldine Timmons, Depise Geldard, Rae Marston, Colleen Harold, Nancy Ann Torres, Diane Nuernberg, Linda DeMotte, Janice Morrill, Arthur Ackerman, Bob Erickson and Dave Donohoe.

Coed Gives Dress Tips For Game

By MYRNA TOUCHON

"What are you wearing to the game tomorrow night?"

"I haven't decided yet. What do you think we should wear?"

If so, here are a few tips on "fashion rights" for the homecoming football contest.

Coeds attending the game can be classified into three basic categories: those attending dances and parties after the game, those with no special after-game plans, those seeking comfort and warmth.

Wool suits, wool dresses, comfortable heels are in order for women in the first group. Campus clothes will be the choice of coeds with no special after-game plans.

Choice of clothing for those in the third group will probably include slim jims, bulky-knit sweaters, "crazy legs."

Whatever group you fall into, warm-Warm-WARM clothing is a must. With the cold autumn night, essentials for game apparel are heavy coats, wool mittens, wool scarves, and lap robes. Bring out the long underwear, too! Enjoy the game in comfort and warmth.

CSTA Travels

Students planning to attend the California Student Teachers Association Professional Problems Conference at San Francisco State College tomorrow should meet in front of the Student Union before 7:30 a.m., according to Vivian Hilt, transportation chairman.

Beeles Keep Prof. Busy, But Not Too

By GREGORY H. BROWN

If variety is the spice of life, Dr. J. Gordon Edwards, associate professor of entomology, is "really living."

This type of living, as the term goes, refers to anything from mountain climbing to housebuilding.

A past president of the Pacific Coast Entomological Society, Edwards has among his prized possessions one of the largest individual beetle collections in the United States. This collection contains some 70,000 beetles, and represents 22 years of beetle-hunting covering every state except Oklahoma and Arkansas.

"The collection," Dr. Edwards smiles, "occupies most of my office as well as the office of a couple of my fellow professors."

Collecting is something we would expect a "bug hound" like Edwards to do, but climbing mountains would seem a little out of the line of an entomology instructor.

PARK RANGER

Most of Edwards' climbing has taken place while he was a ranger in Glacier National Park in Montana for eight successive summers.

"As a ranger, most of the helpful information I gave pertained to 'how do I get up' and 'how do I get down,'" the entomologist commented. At present, mountain climbing is his hobby.

Edwards has written for such noted magazines as "Audubon," "National Geographic" and "The Saturday Evening Post."

PUBLISHES BEETLE BOOK

In 1949 he published a Beetle Reference Book which covers 136 families, and has revised it frequently since then. This is the only complete key to beetle families published since 1883. He has added to this publication with a supplement including 2400 more references. "I hope to combine this into one volume and to add about 2000 more families I've covered since the 1951 publication." He went on to say that one-fifth of all living species of animals and beetles. "I hope to complete my collection in time to enable students to identify members of any beetle family in the world," he said.

Edwards has published some 30 scientific papers which include information on systematic zoology, beetles, alpine insects and methods of teaching entomology.

Edwards has an ambition to

BUGS ADD SPICE

Dr. J. Gordon Edwards, associate professor of entomology, inspects his collection of 70,000 beetles from every state, except Oklahoma and Arkansas.

compare alpine insects all over the world. These specimens can only be found above 12,000 feet. This means that he keeps his climbing legs in shape while pursuing his insects. Some species have been isolated at the tops of these mountains since the ice age, and never have lived where the temperature is warm.

SKI COACH

In 1955, SJS was looking for a ski team coach. Who else could fill the bill so ably as our "terror of the tall timber," Dr. Edwards?

In looking back, the former ski mentor said, "The team managed a few fourth places, but we had many individual skiers who were outstanding."

Dr. Edwards hopes to uncover some alpine insects next summer in Wyoming when he journeys to the Grand Tetons on a grant from the New York Zoological Society.

Dr. Edwards earned his B.S. from Butler University in Indianapolis. He earned his M.S. and

Ph.D. from Ohio State University. When asked what his ultimate ambition is he stated without hesitation, "to retire, of course."

Fred Dindsey holds the record for the most consecutive PAT's with 133, in 1948.

Fraternity Sets Turkey Trot Date

San Jose State's annual Turkey Trot, sponsored by Alpha Phi Omega service fraternity, is scheduled for Nov. 25, according to Bob Tachibana, chairman of the event.

The Turkey Trot will include the traditional three-mile run from the campus to Spartan Stadium

and back. Dashes and relay events also will be held. Trophies will be awarded to the winners of their respective classes.

Gene Menges, present backfield coach for the Spartans set a school record for the most yards in passing with 1,490 in 1949.

SJS, Fresno Collide in Homecoming Game

Spartans Pit Potent Passing Attack Against Bulldog Running

Aerial Attack Looks Tough

San Jose State has collected 1183 yards passing to be one of the top aerial teams in the country. The Spartans have tried 195 tosses and completed 100 for a .513 mark. Their passing attack has an average of 170 yards gained per game.

Emmett Lee has connected with 52 aerals while attempting 93 for a .560 percentage. Mike Jones has passed an equal number of times but has cashed in on 42 for a .451 mark.

Reserve quarterback Roger Weiland has hit six out of nine tosses for a .667 percentage.

Big Dan Colchico has received 22 passes to lead in that department. The 22 receptions have been good for 259 yards. Oneal Cuterry and Dave Hurlburt have gathered 17 and 12 passes respectively.

Sam Dawson, fullback, is the leading ground gainer on the Spartan grid squad with a total of 257 yards rushing. He has carried the ball 37 times for an average of 6.9.

Cuterry, halfback, has been the workhorse for the Spartans, totting the pigskin 77 times. He has collected 220 yards for a 3.0 average.

Totalling 215 yards in 51 carries, fullback John Colombero boasts an average of 4.2.

Fresno State Holds Four Win Streak

Fresno State Bulldog gridders will be facing the Spartans from San Jose State for the 27th time in the annual classic between the two clubs.

The Bulldogs boast a record of four straight wins and will be attempting to keep the string alive with a win at Spartan Stadium tomorrow night.

The Raisin City crew captured the Central California Athletic Conference Saturday when they defeated Long Beach State College 49ers, 22-6.

Dale Messer, 160 lb. Bulldog left halfback, was the workhorse, as he ran for two touchdowns and gained 155 yards on 16 attempts. Messer's touchdown runs were of 49 and 18 yards.

The Bulldog flashback has a season's yardage gain of 535 yards on 100 carries for a 5.3 average. Illustrating Messer's effectiveness, he has punted 10 times for a 35.4 average.

FSC has a season record of four wins and three losses while the Spartans have three wins and four losses. Against the only common opponent, the Bulldogs defeated Cal Poly, 14-0, while the Spartans lost to the Mustangs, 6-10.

The Bulldogs have rebounded, following losses in its first three games of the season. The Bulldogs have been victorious over Cal Poly, Los Angeles State, San Diego State and Long Beach State.

The Bulldogs defeated the Spartans 13-6 in Radcliffe Stadium last year.

Linc Kimura First, Only Trainer SJS Has Ever Had

The first and only full time trainer SJS athletes have ever known is Linc Kimura who began his duties while completing his studies here in 1946.

He earned his AB degree at San Jose in 1949 and was awarded a Master's degree from Stanford in 1954. He was a charter member and former president of the Pacific Coast Trainers Assn.

Kimura has tended the athletes of SJS for the past 12 years. He is a familiar sight in the locker room of the Spartan grid team tending to injuries that were inflicted during the football battles.

A Glance at SJS Grid Coaches

Menges: Passing Record King Here

Gene Menges holds most of the Spartan passing records and serves as backfield coach here. In 1949 he completed 99 passes in 182 attempts for 1490 yards, 16 touchdowns and a completion percentage of 54.5.

In three years he amassed a total of 180 completions in 384 attempts for a grand total of 3081 yards. He attended Anaheim High and Fullerton JC before entering SJS.

He joined the Spartan staff in 1952 after a year as assistant coach at James Lick High in San Jose.

San Jose State fullback Kent Rockholt once struck out 17 of 21 men while pitching for Carmont High School.

Titchenal: Coach Of Year in 1953

Coach Bob Titchenal, one of the youngest head coaches on the West Coast at 41, is in his second year as head football coach. He took over the top post from Bob Bronzan, who coached from 1950 through 1956, currently in charge of intramural league play.

Titchenal won Skyline Coach of the Year honors while at New Mexico in 1953. He has also served as an assistant at West Virginia (under DeGroot), New Mexico, Denver and USC. He was head coach at New Mexico for three years.

During his pro days Titchenal had an interruption while he served four years in the Navy as a lieutenant. He played and coached at Chapel Hill Pre-Flight, Lakehurst Naval Air Station and St. Mary's Pre-Flight.

The coach had his troubles with an inexperienced squad last year and a rugged schedule. However, he managed to guide the team to a 3-7 record and wins over Denver (27-20), San Diego State (46-0) and Hawaii (12-0).

This year he already has bagged three wins with two games left, including tomorrow's FSC tilt.

Coley: Handles Yearlings at SJS

Max Coley joined the Spartan mentors in 1955 after starring as an All-American JC halfback at Northeast Oklahoma A&M, playing at SJS and serving four years as an assistant football coach and head wrestling coach at Tulare High.

Coley is freshman coach here and also helps scout SJS opponents for the staff.

Feldman: Former All-Coast Guard

Line Coach Marty Feldman joined Coach Bob Titchenal as line coach at New Mexico in 1955. In 1956 he was an assistant coach at Valley JC before coming into the Spartan picture in 1957.

Feldman was an All-Coast guard in 1947 under Marchie Schwartz at Stanford. He served at his alma mater as freshman coach for a year and three years as JV mentor.

In his prep days at Southgate High in Los Angeles, Feldman earned all-league football honors and also participated in baseball and track. He attended Oregon in 1941 and then joined the Marines. He served five years in the Marine Corps.

He believes this year's line to be much improved over the 1957 forward wall. Feldman, along with the other coaches, takes turns scouting the following week's opponents when the Spartans are playing. Movies of each game are reviewed by the staff.

Famous Back Notices Better Football Play

PITTSBURGH (UPI) — The best-known quarterback of the 1920's hailed modern football today as a "gridiron revolution" which has produced faster thinkers, faster movers — and above all — more intelligent players.

Harry Stuhldreher of Notre Dame's famed "Four Horsemen" said he marvels at the way the game has developed since he played.

"These fellows today are way ahead of us," said Stuhldreher. "The teams have better coaching and better facilities. The players are faster movers and faster thinkers. But what has impressed me most is the increasing number of intelligent players."

When he became an executive with U.S. Steel in 1950, Stuhldreher ended a football career that spanned 35 years as a player and coach. After his graduation from Notre Dame in 1925, he went to Villanova as coach where he remained 11 years and spent the next 14 years at Wisconsin.

Spartan Booters Defense Tight

SJS varsity soccer squad, still looking for its first Northern Intercollegiate Soccer Conference win, boast the second highest defensive squad in the league.

The Spartan booters are second only to USF, which has been picked by the experts to represent the west in the national playoffs.

Coach Julie Menendez' booters played a tight 1-1 stalemate with Cal in the opening home game at Spartan Stadium.

The Spartans will look for their first win when they face Santa Clara Broncos.

San Jose State Basketball Squad Prepares for '58-'59 Hoop Session

San Jose State's 1958-'59 edition of the varsity basketball team thus far numbers 20 members. Coach Walt McPherson and assistants Stu Inman and Jerry Vroom have high hopes for an inexperienced, but hustling squad.

Though on the short side, as basketball players grow, the team has some fine "college shooters," according to Inman. McPherson long has had a reputation as one of the outstanding mentors in the West Coast Athletic Conference and for that matter, in Northern California.

Basketballers reporting for duty have been Al Andreas, Cliff Barrett, Bob Chapman, Jim Embree, Ned Fitzgerald, Denny Harris, Jon Harris, John Henry, Gary Ressa, Arney Lundquist, Joe McGrath, Mike O'Brien, Gary Ressa, Larry Resser, Al Simon, Dick Smith, Buzz Ulrey, Dick Underhill, Jim Whelihan and Clyde Woods.

Fitzgerald is the only returning starter from last year's hardwood quintet. Embree, Lundquist, Ulrey and Jon Harris were reserves on the team. Lundquist played behind center Marv Branstrom and is 6-7,

220 lbs. and a junior.

Embree, 6-4½, 190 lbs., is also a candidate for the key position

along with JC transfers Henry and Smith. They are both 6-5 and around the 220 lb. mark.

Spartans Hold Slight Edge Over Fresno in Rivalry Dating to 1921

By Harvey Johnson

A rivalry that dates back to 1921 will be resumed on the Spartan Stadium gridiron tomorrow night between Fresno State College and San Jose State's Spartans.

San Jose State has won 13 games while losing 10 and tying three. No contests were played from 1922 through '24, 1928, 1935 through '38 and 1943 through '45. Following the Spartan victory in 1921 it wasn't until 1929 that the Spartans were able to organize an attack which could conquer the stubborn FSC Bulldogs. The Spartans lost games to the Bulldogs the following two years but returned strong to defeat FSC, 18-0, in 1933.

The greatest moral victory the Spartans achieved, would point to the 1939 tussle between the two arch rivals. Both clubs were undefeated going into the traditional battle. The '39 San Jose club had as one of its members Bob Titchenal, present San Josehead coach. The Spartans upset the favored Bulldogs 42-7. This victory, many of the oldtimers claim, was the greatest SJS victory achieved at the hands of the Bulldogs.

The Spartans went on to compile an unbelievable record of 13 wins against no losses. The Golden Raiders, as the Spartans were then known, opened the 1940 season against the Fresno ball club and continued where it left off the previous year with a 14-7 triumph over the Bulldogs. The 1940 season proved to be another banner year for the Golden Raiders as they compiled a record of 11 wins and one defeat.

Fresno returned to the victory scene in 1947, when they defeated the Golden Raiders, 21-29, in one of the closest games between the two rivals. San Jose continued to

Golf Champions

Spartan golf teams have produced one NCAA champion, two NCAA medalists and two California state amateur champions. Bobby Harris was the champion and once a medalist along with Morgan Fottrell. Ken Venturi and Eli Bariteau were the two California champions.

dominate the inter-school clashes until 1956 when a powerful Fresno squad upset the Spartans, 19-13. The following year the Spartans suffered a 30-14 pasting administered by the Bulldogs from the Raisin City.

Under SJS coach, Bob Titchenal, the Spartans opened Titchenal's

Dale Messer, 160 lb. Fresno State halfback, is one of the top runners on the Bulldog squad.

Spartababes Roll To Five Victories Out of Six Tries

Future SJS football players will have to rely on their freshman team to provide impetus, and this year's graduating first year men should be a welcome addition to next year's varsity.

Max Coley's Spartababes have sparkled like jewels while winning five of six contests. The team started quickly by downing Treasure Island, 16-6, marching over McClellan Air Force, 52-18 and providing thrills while dumping San Francisco State's JV squad and Cal Poly Freshmen by identical scores of 20-14.

Injuries hurt the team to some extent as the team was bopped by 42-16 by Fresno State's freshmen. Four injured players on the first string team did not play and hampered the defensive alignment.

However, against COP's freshmen, even with various ailments confronting Coley's players, the team came from behind to nip the little 'Bassinette' 30-28. Defensively, the team held the COP conversion try and walked off with a victory.

Many of the players are expected to show varsity potential next year. Among them are Mac Burton, Floyd Elliott, Eddie Marin, Ron Dominguez, Henry Chammes, Mike Trudeau, Paul Millarke, Fred Daniels and Gary Yates.

Burton, Elliott, Marin and Millarke are backfield men; Dominguez, Chammes and Trudeau inner linemen; and Daniels and Yates play end.

The Frosh will play Napa JC at Napa next Friday in their finale.

Intramural Program Offers Participation

Intramural sports on campus are intended primarily to afford an opportunity for athletic participation for the majority of students, and further, to cultivate skills which enable them to carry on recreational pursuits later in life.

Aim of the Intramural Sports Division is to make participation in the program desirable to the largest number of men students feasible. The program is quite varied and gives every individual a chance to participate no matter what his level of ability or sports interest may be.

keen interest to compete in the intramural program. At the end of each particular sport the winner of the fraternity league and winner of the independent league play off for the championship.

All students assume full responsibility for participation in the Intramural Sports program. All students are obligated to receive ap-

proval from either their private physician or the College Health Service before active participation in the sports program.

This year's Intramural Sports Director is Robert T. Bronzan.

Other sports which offer competition are bowling, swimming, basketball, volleyball, track, softball and wrestling.

Boxing Team Holds PCI NCAA Titles

SJS' varsity boxing team produced four NCAA champs last spring at the national tournament in Sacramento, when the boxers won the NCAA team championship.

Represented on the squad were Archie Milton, heavyweight division; Welvin Stroud, 139 lb. division; Bob Tafuya, 119 lb. division; T. C. Chung, 112 lb. division.

The Spartans also captured the Pacific Coast Intercollegiate team championship under the coaching of Julie Menendez, and will be back to defend their laurels.

Champions of the various weight divisions from SJS were Milton, Stroud, Chung and Nick Akana, a 125 lb. entry.

All-Comers Meet Today

By RUDY DEL RIO

Ten Northern California cross-country squads anxiously await the four o'clock gun at Spartan Stadium this afternoon as they compete in SJS' annual All-Comers meet, considered as Northern California's Cross-Country Championships.

The All-Comers meet highlights harrier festivals in Northern California. Fresno State, University of California, Stanford, San Francisco State, Cal Poly, Santa Clara Youth Center, San Francisco Olympic Club, Sacramento State, College of the Pacific and host San Jose State will be the teams competing for laurels.

Last year, Spartan thinclads copped top honors in the colorful

meet. The Spartans are given a good chance to repeat a win since they have the advantage of running on familiar terrain and are paced by a small galaxy of rising stars.

Don Kelly and Bill Morgan have been consistent performers for the Spartans all season. They provide the thinclads with an effective one-two finishing duo. Sam Holt and Ted Ragsdale have also been impressive for the Spartan squad. They are depended upon to provide those extra points that result in team victory.

Top competitors that have strong first place potential are Brian Matravers and Alan Gaylord, California, Stanford's Keith Wallace has edged Morgan and Kelly in previous meets. Jack Mardin representing San Francisco Olympic Club also looms as a top threat.

Woody Covington, ex-state prep mile champion, is another California Bear that could press the harriers to the tape.

A record turn-out is anticipated by Coach Bud Winter for this colorful event. Last year's meet drew a little under a hundred spectators.

Errors Pave Way For Win—Bronzan

Bob Bronzan is shown as he appeared to Spartan opponents in 1939. Besides serving as a member of the Golden Raiders, Bronzan coached here and is currently an 'advisory' scout.

By GREGORY H. BROWN

"Assuming both teams are fairly equal in ability, a scouting report makes the difference between a winner and a loser. The team that makes the fewest errors, whether it be football, baseball or basketball, usually forms the basis for ultimate victory."

Bob Bronzan, San Jose State intramural sports director and one of the top college game scouts on the coast in a recent interview was the top college game scout on the coast in a recent interview was summing up some of his views on the present pigskin scene.

Bronzan has been coaching some 17 years. Not counting high school, Bronzan served as coach for Long Beach City College for one year in the Air Force and has been at San Jose since 1946. He served as the Spartans head football coach in 1950 and held this position until 1956 when he voluntarily resigned.

ACTIVE COAST SCOUT

He has been an active game scout on the coast for some time. As a "game scout" Bronzan scouts college games for such notable elevens as Notre Dame, Army, Florida, Cincinnati, Navy and Hawaii. Bronzan served this season, prior to the college season, as advisory coach for the Philadelphia Eagles pro football squad. "I was more of a technical adviser really," Bronzan smiles.

"Yes, I know what you mean in speaking of dull college games," Bronzan answered in reply to this first question. "I think, however, the colleges are leaning more toward a pro type of offense in certain areas."

PRO VS. COLLEGE FOOTBALL

In comparing the pro game with the collegiate brand of pigskin rivalry Bronzan pointed out that the collegiate teams were apt to center around a few individuals whereas in playing for the big paycheck, every man there is tops in his particular position.

"This causes individual stars to come to the front in the collegiate ranks as the team itself doesn't represent the top notch players in every position. The pros on the other hand display a much more spectacular football display because of the outstanding athletes which the pro ranks have."

HOW ABOUT 49ERS?

When queried about the 49ers present plight, Bronzan pointed out that man for man, with the exception of a few in the defensive secondary, he would stack the 49ers up with the Los Angeles Rams, a team which racked the Bay Eleven a week ago. "I would say the 49ers have a morale problem; their confidence is lacking," he said.

In speaking of individual stars Bronzan pointed out that as far as football sense and top-notch quarterbacking goes Norm Van Brocklin is his choice as the top signal caller in the game today.

"My backfield would consist of fullback Jim Brown of the Cleveland Browns, Willie Galimore of the Bears, Lennie Moore of the Colts and Frank Gifford of the Giants."

He also singled out Jon Arnett as perhaps the best back in professional football. Having scouted and coached Arnett in the East-West classic, Bronzan points out that as well as being one of the "fastest starters" in the game, Arnett has excellent character off the field. He's just a good all-around kid," Bronzan smiled.

PRAISES JOE KAPP

In speaking of individual controversial collegiates on the West coast, Bronzan heaped words of praise on Joe Kapp, the sensational quarterback of the possible Rose Bowl bound California Bears. "I recommended Kapp last year in my reports as a top pro prospect and offensive threat."

"I think as far as Dick Bass is concerned, he will probably be chosen in the second round of the pro football draft next year which is an honor for anyone to achieve."

In summing up Bronzan goes along with the old school of football in saying "Defense is the most important element in football. Certainly if a team scores fewer points against you, the chances of your winning a game are that much greater."

Fraternity Pentathlon Champion Search Will Begin on Monday

Coach Bud Winter extended the 'limbering up' word for fraternities who feel they have the top all-around track athlete. Beginning Monday, the search will be on for the best fraternity pentathlon man as well as a varsity decathlon champ.

Trophies will be awarded to individual finishers in various events

as well as team trophies for fraternity members, based on a five man score from each house.

SJS High in Degrees For State Colleges

San Jose State conferred 2,045 degrees in the 1957-58 academic year, according to a report issued by the State Department of Education. This was the largest number of degrees conferred by any California state college in that period. Ranking second to San Jose State is Los Angeles State with 1,740, followed by San Francisco State with 1,677, Long Beach State

with 1,310, Fresno State with 1,253 and San Diego State with 1,166.

Of the 2,045 students getting degrees at SJS last year, 579 also received teaching credentials. An additional 255 obtained credentials only, making an even 2,300 who received degrees and/or credentials in 1957-58.

SJS led the state colleges in the number of bachelor's degrees conferred, 1,834, but ranked fourth in the number of master's degrees conferred, 211. Los Angeles State led with 435, followed by San Francisco with 336 and Long Beach with 330.

Education and business are the fields in which the largest number of bachelor's degrees were conferred by the state colleges, education leading with 2,867, or 29.4 per cent, followed by business with 1,517, or 15.8 per cent. SJS conferred 463 bachelor's degrees in education and 439 in business. Sixty-two per cent of the master's degrees conferred by the state colleges were in the field of education.

In the realm of public school service credentials, both teaching and non-teaching, SJS granted 825, one more than the number issued by San Francisco State. Los Angeles State was third with 713, Long Beach State fourth with 496 and San Diego State fifth with 488. San Jose led in the number of kindergarten-primary and special secondary credentials granted.

Student Aids In Scoring IBM Tests

Others may have had their Edison and Alexander Graham Bell, but SJS has H. P. Durham.

Durham, a graduate student in business education, is the inventor of a manual device for scoring IBM and objective tests. Displayed at a psychiatrists' convention in Washington D. C. last August, the device now is being used at Long Beach State College and in the SJS testing office. In addition, it is used in the Secondary Education, Business Education and Psychology Departments.

In describing the device, Durham said, "You can't. All you can say is it is so designed that when a student misses a question, the correct answer can be marked on his paper. This helps the student in his studying. Since the student then knows what he missed, he will be able to correct his misconception of that question."

"The device also allows the person correcting the paper to see the entire answer sheet at once. This eliminates the possibility that the student may be given credit for a correct answer, even though he may have marked two answers for the same question."

Durham, who is 27, married and the father of one child, has been inventing for some time. Two other inventions besides the test scorer include an electronics teaching aid and a flying safety teaching aid, which he designed during his 5½ years as a first lieutenant in the Air Force.

Rockefeller Richest Yet

The hottest property in the Republican Party today is Nelson Rockefeller. Just elected governor of New York, he is the wealthiest man ever to hold such a high office in America. Some people think he is headed for the White House.

The words Rockefeller and money are inseparable. Nelson will get \$50,000 a year as governor. That is almost as much as he makes now in a week. He also gives away \$20,000 weekly.

It wasn't always that way. In boyhood he got a 25 cent allowance and had the family shoeshine concession. It served him well in overcoming the handicap of being a millionaire in public life.

United Press International writer Jack V. Fox has prepared three dispatches on Rockefeller's wealth, his boyhood and early life and the close-knit clan whose only Maverick is Winthrop who settled \$6 million on his divorced wife Bobo.

Profs Discuss Proposals For Credential Changes

Four SJS professors heard revision proposals discussed for the California credential system at a recent meeting of the California Council on Teacher Education in Yosemite National Park.

Dr. William G. Sweeney, Dr. Gervais W. Ford, Dr. Lowell G. Keith, professors of education, and Dr. June V. McCann, head of women's physical education, attended the conference, a bi-annual event held Thursday, Friday and Saturday of last week.

According to Dr. Sweeney, the council considers the present credential system cumbersome, with its 59 separate credentials. The council voted on the proposal to

boil down the present arrangement, but results of the ballot were not immediately available.

The council is made up of two official representatives from each California educational institution, which includes everything from State colleges to private grade schools. The council recommends policy to the State Board of Education.

U.S. Education Superior To European—Dr. Bruntz

"Despite the post-sputnik criticism of American education, it is still far superior to that of Europe," Dr. George G. Bruntz, professor of social science and education, told an audience at the college Tuesday night. Dr. Bruntz, who toured Europe for six months last year, visiting secondary schools and teacher-training institutions, spoke before the Santa Clara County Social Studies Council.

Most critics of the American educational system, Dr. Bruntz said, forget that the philosophy of education in America differs sharply from that in Europe.

"We believe in education for everyone while European countries still educate an elite few," he said. "Actually, we have almost as many students who are members of the honor societies in our high schools and colleges as Europe has in its entire student body. If we compare

our honor students with the students of Europe, we have a much more accurate basis for comparison. Such comparison will show that our people have superior knowledge and superior training."

Dr. Bruntz said that an American can only feel sorry for both the student and the teacher in Russia. In the U.S.S.R., he pointed out, all students are under constant surveillance to make certain they conform to the party line. He believes that the lack of freedom, honesty and variety of education are causing boredom and unrest among Soviet students.

Psychology Study To Be Encouraged

Attempting to interest students to do individual work and report it, the Psychology Department's Committee on Superior Students will meet today to plan the establishment of a Spartan Psychological Assn.

The association will be conducted somewhat like the American Psychological Assn. and will attempt to get students interested in psychological research and to become acquainted with others in the research field, according to Dr. Gene Wallar, professor of psychology and head of the Committee. Dr. Wallar added that toward the end of the semester there will be a designated time for the students to give an oral presentation of their research.

Deans Discuss Transfer Students

Deans from San Jose City College met recently with the SJS Academic Deans' Council to discuss the problem of transfer students, according to Dr. Fred F. Harclerod, Dean of the College.

Dr. Percy M. Bliss, dean of the division of instruction at City College, and Miss Mary Duignan, dean of the student services division, met with the SJS Council in keeping with the spirit of cooperation and close relations that have been maintained between SJS and City College.

Dean Harclerod said that next spring a group of SJS deans will meet on the City College campus for a similar conference.

Library Receives Memorial Donation

Funds totaling \$50 have been received by the Library from friends of the late Mrs. Ruth Sandkuhle Kirby. The money is to be used for purchasing books in her memory.

Mrs. Kirby died in a light plane crash Sept. 25 while enroute to a garden convention.

"Books on roses or speech and drama might be purchased," according to Miss Joyce Backus, college librarian. Mrs. Kirby was very active in rose culture, Miss Backus, noted.

Mrs. Kirby was a speech and drama major and was graduated from SJS in 1933.

A daughter, Julie Ann Kirby, 18, is a sophomore English major, affiliated with Delta Gamma sorority.

Spartan Graduate Takes Navy Post

Lieutenant Commander Jackson L. Morton of the U.S. Navy and 1941 graduate of San Jose State, recently reported to the Staff of the Commandant of the Eighth Naval District in New Orleans, La.

He previously served in the Military Sea Transportation Service office at St. John's Newfoundland. In his new assignment he will be the MSTs programs officer for Naval Reserve training.
